**A message from the Director:**

Nearly 500,000 lbs of food (380,000 meals) were distributed to people in need—nourishing food, kindness for the whole person with the hope that those with a nutritious food right at their doorsteps and healthy lives will be more fully realized.

In the year ahead, we will be planning more “virtual” drives, especially focusing on new faces of hunger every day right here in our communities. These include wonderful new opportunities such as the **Banking on us food drive** (coming this March to a bank near you!); and three “virtual” drives throughout the greater Amesbury area. These include wonderful new ways to get fresher, healthier food choices for our guests.

**Our Mission**

Our Neighbors' Table is committed to establishing a pantheon of hungry in our communities had access to nutritious, local fruits and vegetables, meats, yogurts, hummus.

**Drives Committee**

Our drive committee is composed of three sub-committees: **Community Drives**, **Bank Drives**, and **Virtual Drives**.
